PROFESSIONAL SUMMARY

Platform Engineer with 8+ years designing, building, and operating production infrastructure in banking, enterprise IT, and hosting. Lead platform engineering at Jamuna Bank on MIR Cloud and Nutanix — Kubernetes, Harbor, GitLab CI/CD, API gateways, and internal developer tools. Built and operate **AppFlux**, a 5-module production platform (API gateway, deployment automation, monitoring, log management, operations hub). Experienced with OpenResty, Kafka, Keycloak, HashiCorp Vault, MinIO, Prometheus, Grafana, ELK/OpenSearch, and AWS/Azure delivery per project requirements. Open to remote and international roles.

TECHNICAL SKILLS

Platform: Kubernetes, Docker, Helm, Nutanix, OpenResty/Nginx, MetalLB, Istio

Data & Messaging: Kafka, Redis, MongoDB, OpenSearch, MinIO, ELK, Debezium

Observability: Prometheus, Grafana, ELK/OpenSearch, Alerting, k6, Playwright

Development: Node.js, React, Python, Lua, Shell/Bash, REST APIs

CI/CD: GitLab CI/CD, Harbor, Jenkins, Trivy, Ansible, n8n, Conductor

Security: HashiCorp Vault, Keycloak, JWT/RBAC, API Keys, Linux Hardening

Cloud & OS: MIR Cloud, Nutanix VMs, AWS, Azure, Linux, Windows Server

Tools: Jellyfin, Paperless, Git, Nginx, DNS, High Availability

PROFESSIONAL EXPERIENCE

DevOps & Platform Engineer

Feb 2021 – Present

Assistant Officer · ICT Division

Jamuna Bank Limited — Gulshan-1, Dhaka, Bangladesh

- Built and operate **AppFlux** — 5-module production platform (API gateway, deployment automation, Infra Pulse monitoring, log management, All-in-One ops hub) on MIR Cloud and Nutanix Kubernetes
- Administer production Kubernetes on Nutanix VMs — RBAC, resource governance, Harbor registry, GitLab CI/CD, Trivy scanning, automated upgrades
- Delivered OpenResty API gateway with Keycloak/JWT auth, rate limiting, draft→publish routing, Redis traffic control, and Kafka-based access logging
- Built webhook-driven CD platform for .NET, Node.js, Python, and static React/Vite apps — deploy.yaml driven builds, rollback, RBAC, and audit trails
- Run Prometheus, Grafana, and ELK/OpenSearch for infrastructure and application monitoring, alerting, and incident response
- Integrated HashiCorp Vault, Keycloak SSO, Trivy image scanning, and Linux hardening for regulated banking workloads
- Operate Kafka, MongoDB, Redis, MinIO, and OpenSearch for platform services, gateway logs, and internal tooling
- Use n8n and Conductor for operational workflows; Ansible and shell automation for repeatable infrastructure tasks
- Primary production on MIR Cloud / on-premises Nutanix; deliver AWS and Azure solutions per project requirements

Assistant IT Coordination Engineer

Jun 2019 – Feb 2021

Standard Group, Civil Engineers Limited — Dhaka, Bangladesh

- Managed Linux and Windows Server environments across development, staging, and production systems
- Maintained infrastructure availability through monitoring, patch management, and performance optimization
- Strengthened server security through firewall administration, access control, and system hardening
- Automated administrative tasks using Bash, PowerShell, and scheduling tools
- Supported CI/CD adoption and deployment standardization with development teams

System Support Engineer

Apr 2016 – Jun 2019

Hosting Bangladesh — Dhaka, Bangladesh

- Managed Linux and Windows hosting infrastructure including VPS, dedicated servers, DNS, and SSL/TLS
- Automated server administration with Bash, Python, and PowerShell
- Resolved customer and infrastructure issues through proactive maintenance and troubleshooting

SELECTED PROJECTS — APPFLUX PLATFORM

Jamuna Bank production platform · UI previews: mahfuztoolbox.github.io/portfolio

AppFlux All-in-One · Application Deployment Platform · Infra Pulse

Ops hub, webhook CD, and infrastructure monitoring — React, Node.js, Python, MongoDB, Keycloak

ProjectFlux API Gateway · Application Log Management

OpenResty edge gateway and log analytics — Kafka, OpenSearch, Redis, Lua, React

EDUCATION

BSc Computer Science & Engineering, 2017 — Daffodil International University, Dhaka

Diploma in Computer Engineering, 2012 — Munshiganj Polytechnic Institute, Bangladesh

Secondary School Certificate (SSC), 2007 — Nao Bhanga Joypur High School, Comilla

LANGUAGES

Bengali (Native) · English (Professional Working Proficiency)
